Our Portfolio

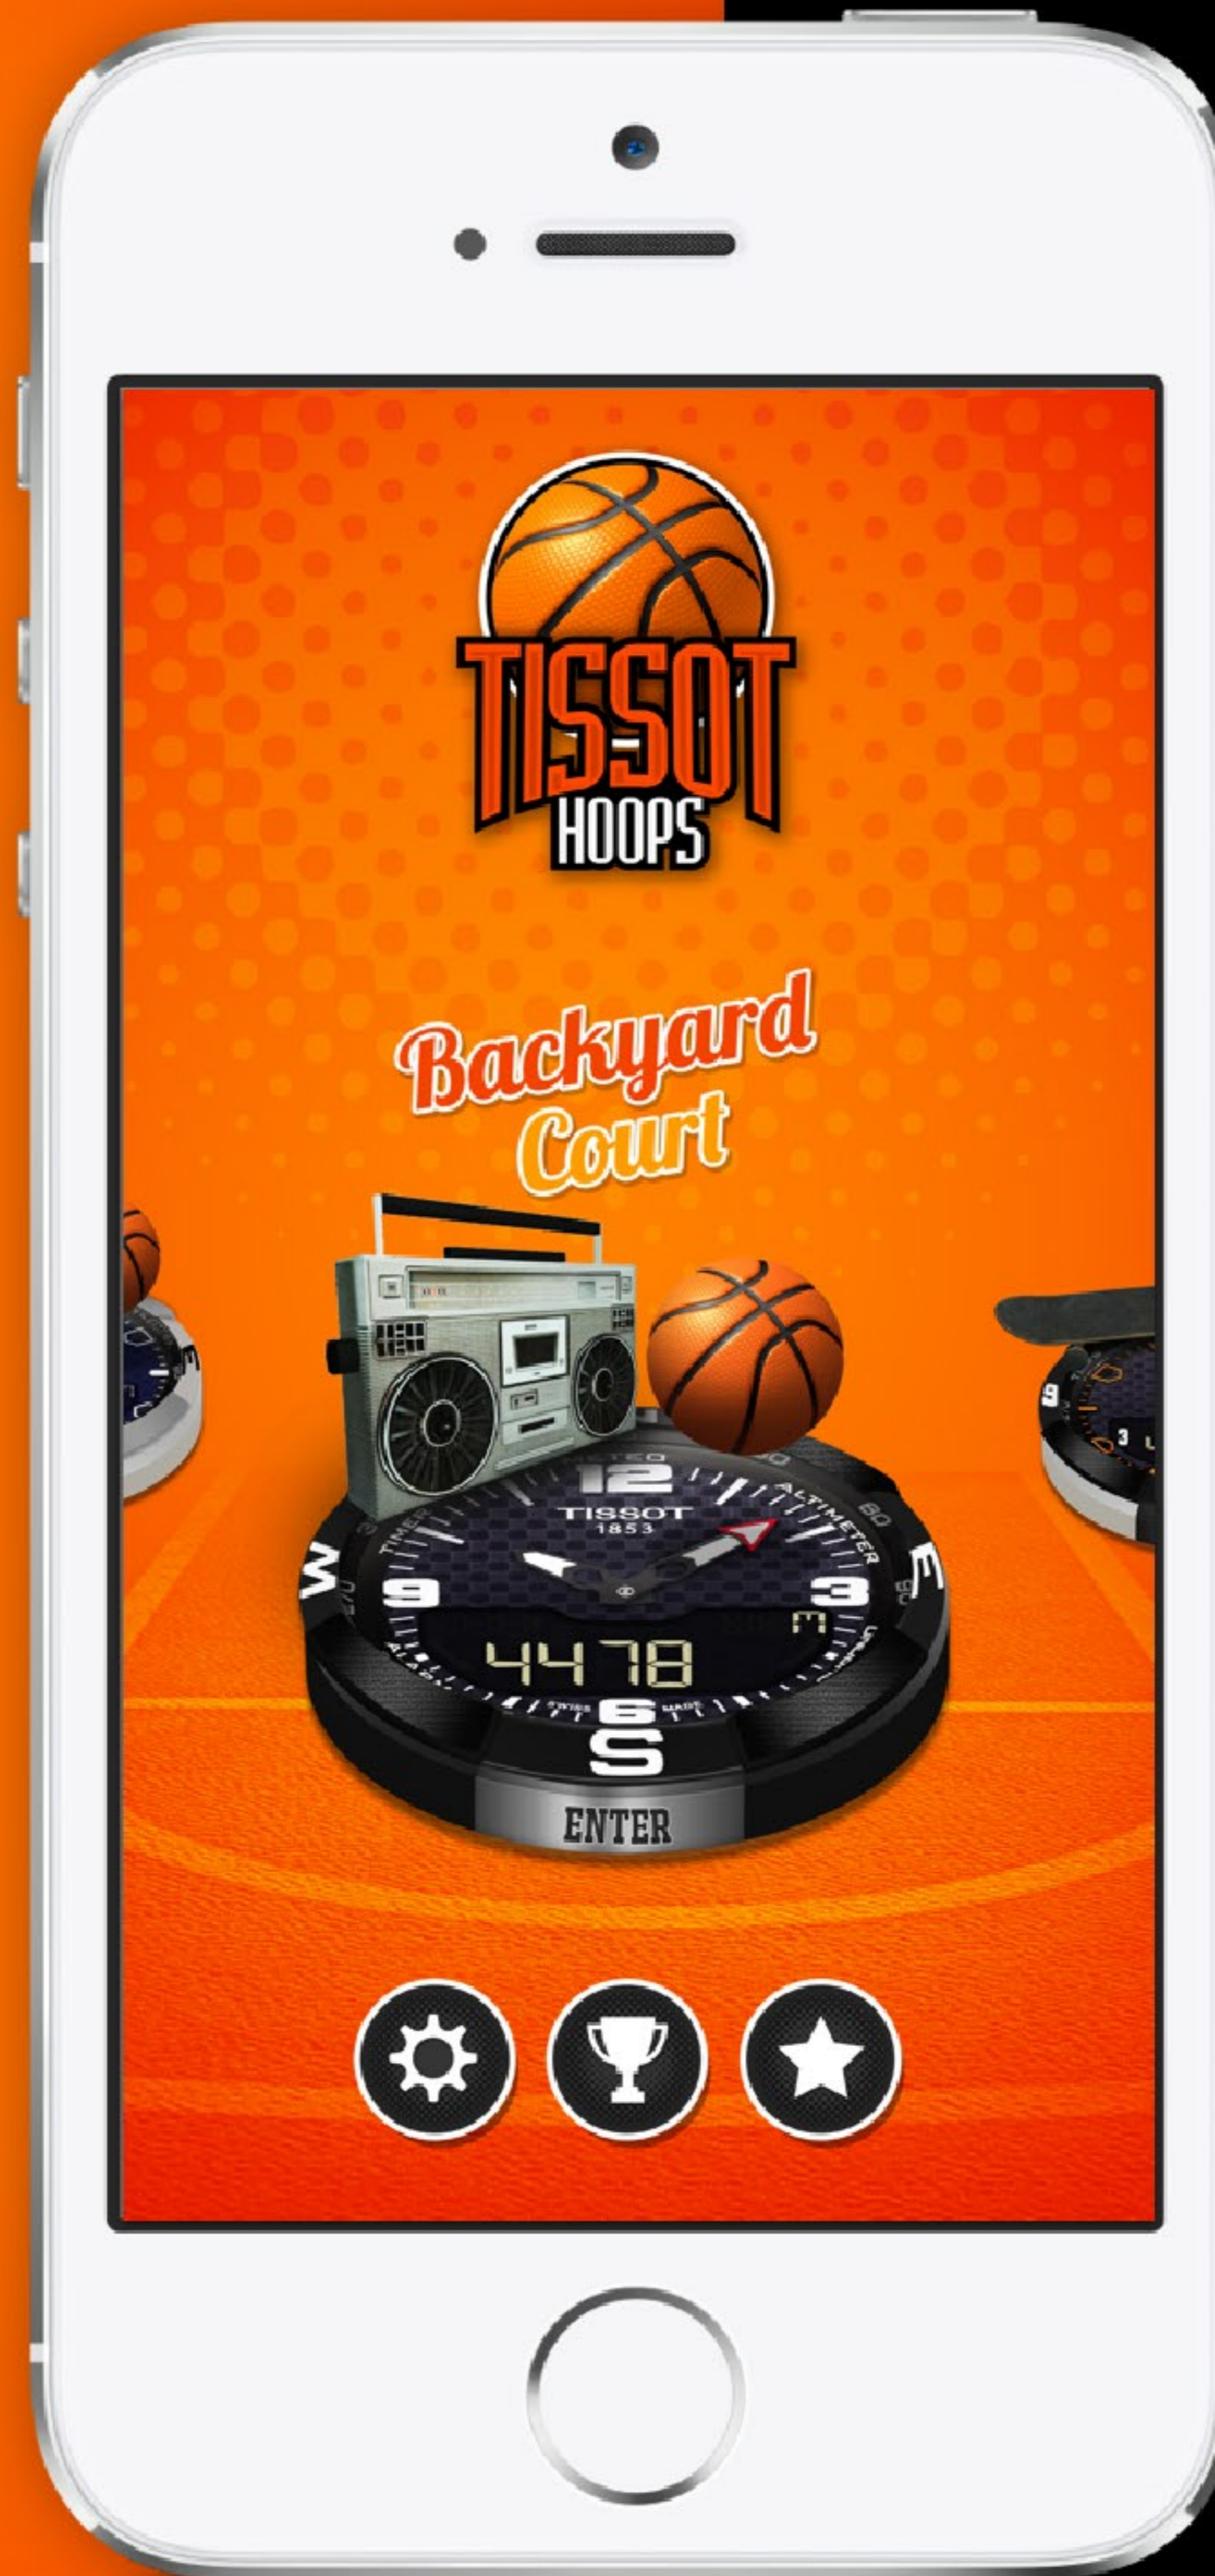

Tissot - Game

Developed for basketball enthusiasts, Hoops by Tissot is a single player game with multiple levels and directions. Including the watchmaker's branding strategy, the game features various models of sports watches from the collection of Tissot.

Earn Rewards

Players take hoop shots against the wind and win Tissot watches for their performance. A perfect blend of stunning visuals and product marketing, fostering a soft corner for the brand.

Earn points, rewards, badges & get listed on Leaderboard.

Time Forge

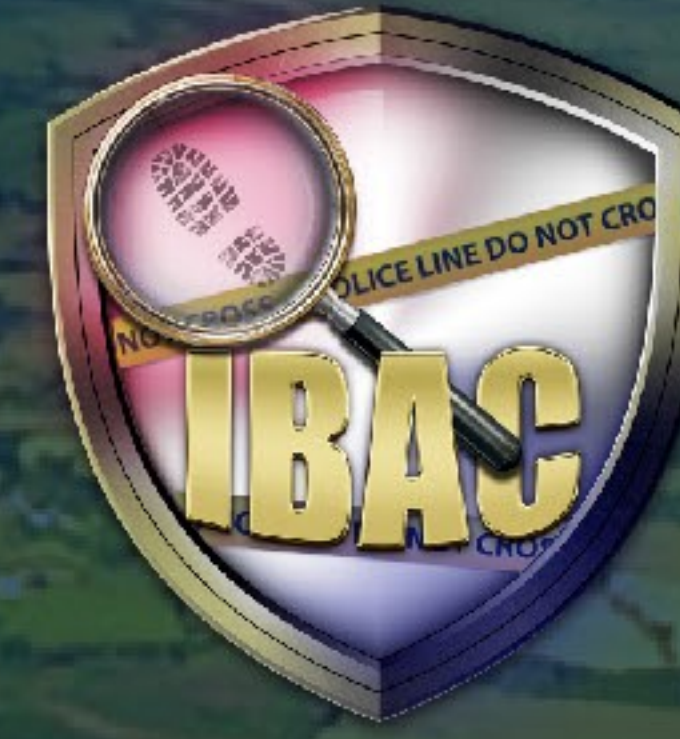

An electrifying Roleplay Game, developed with Hero Engine to give players a thrilling gaming experience. Players collect weapons and assets to boost their power, fight the enemies, and open doors to new worlds.

 730 

Battle Mode

Players can team up with other friends and global match making for a Co-Op battle with monsters together or trust their individual power and instincts to destroy the villains. Fight the enemies, collect weapons, and cross new levels in a stimulating gaming environment.

International Bureau of Agriculture Crime

A riveting Roleplay Game that activates players' detective instincts to solve a murder case occurred in the farm.

With several cues and hidden objects scattered around, players look for the objects, interrogate the suspects, and interpret the cues to find the criminal. There are several challenges in the journey, but a true detective will find its way through and put the criminal behind bars.

Lucky Moon

Developed on Unity, the enthralling poker game with Blackjack is a treat for players who love card games. An exciting experience of gambling, strategy, and luck that tests players' ability to foresee moves and make fruitful bets.

The background of the image is a dark, atmospheric scene of a server room. Rows of server racks are visible, with some lights glowing from within. The perspective is looking down a long aisle, creating a sense of depth. The overall color palette is dark blue and black, with some warm yellow and orange highlights from the server lights.
